- Next for Council on the agenda was the first reading of Ordinance No. 2976 which will accept the agreement with the Municipal Energy Agency of Nebraska (MEAN) for the adoption of MEAN Schedule M Modernization Initiative. Staff requested the second and third readings be waived. The following information was provided:

#### **[ORDINANCE – ADOPTION OF MEAN SCHEDULE M MODERNIZATION INITIATIVE**

The Municipal Energy Agency of Nebraska (MEAN) Board of Directors and Governance Review Committee have been working on an initiative to modernize its Total Power Requirements Power Purchase Contract, known as the Service Schedule M (SSM) contract. This review was started in 2020, the Committee has been meeting regularly and providing updates to the MEAN Board of Directors. In May of 2023 the Committee and Board reviewed a draft of the modernized SSM agreement and reviewed it again in August of 2023. In the interim MEAN was seeking input from all city/village/town-appointed attorneys to participate and provide feedback on the draft agreement. MEAN presented the final version for approval by the Board of Directors in November of 2023. The final version has been distributed to current Service Schedule M communities for consideration and approval before the April 1, 2024, effective date.

The current Service Schedule M contract was created by MEAN in 1982. It is MEAN's Total Power Requirements Power Purchase Agreement. The primary purpose of the SSM is to acquire long-term, low cost and reliable power supply for MEAN participants. The current SSM agreement is now more than 40 years old. There have been many changes in the electric industry, markets and regulations that prompted the need to modernize some of the terms of the SSM contract.

**What is changing in the SSM agreement?** General Power Industry Modernization. Updates and new provisions in the following areas are necessary due to current applicable rules and regulations in the electric industry that have evolved in the last 40 years: Transmission and ancillary services, point of delivery description, market operator/regional transmission organization roles and requirements, collateral, and compliance with tax, bond, and other regulatory

March 5, 2024

requirements. Additional changes are being made to match typical modern commercial terms and current MEAN practices.

**What is not changing in the SSM agreement?** Most of the material terms do not change. Price, quantity, and parties are material terms that are not changing. Most other material terms will remain unchanged. Scope of Services will not materially change (the description of services will be modernized to reflect the projects and services offered in today's industry).

**What happens if a community does not sign the new SSM agreement?** Any communities choosing to remain under the old SSM agreement and opting out of a new power project would convert to a Contract Purchaser and would need to secure another power supplier to fulfill any need over the current Contract Demand, as well as any associated transmission required. Additionally, arrangements would need to be made by the community with the applicable market operator and transmission provider to facilitate such a change, which must comply with all applicable rules, regulations and specific timelines established by the market operator and transmission provider. The community would be required to assume responsibility for several tasks related to power supply and transmission.

MEAN provides wholesale electric supply to 62 participating communities in Iowa, Colorado, Nebraska, and Wyoming. A not-for-profit organization formed in 1981, MEAN is governed by its participants through representation on the MEAN Board of Directors. MEAN has been working on this modernization initiative since 2020 and the MEAN Board of Directors and Governance Review Committee have reviewed and approved its implementation. The City of Alliance attorneys have reviewed and have no objections or issues of concern with the new agreement.

**RECOMMENDATION:  
APPROVE ORDINANCE ADOPTING MEAN SERVICE SCHEDULE M  
MODERNIZATION INITIATIVE. STAFF IS REQUESTING THAT THE  
SECOND AND THIRD READING BE WAIVED.]**

LEASE ESTOPPEL AND AGREEMENT

[July 11], 2023

City of Alliance, Nebraska  
Attention: Randy Waggener, Finance Director  
PO BOX D  
Alliance, NE 69301

Re: Lease and Easement Agreement for Solar Energy System effective November 28, 2022 by and between City of Alliance, Nebraska (the “**Lessor**”) and SE Municipal Solar, LLC, a Nebraska limited liability company (the “**Lessee**”) (as the same may be amended, the “**Solar Lease**”), with respect to that certain real property described in Exhibit 1-B attached to the Lease (the “**Leased Premises**”), constituting a portion of that certain real property described in Exhibit 1-A of the Lease (the “**Property**”).

To whom it may concern:

Solar Construction Lending, LLC, a Delaware limited liability company (the “**Lender**”), intends to advance a loan (the “**Loan**”) to SE Municipal Portfolio, LLC, a Nebraska limited liability company, of which Lessee is a wholly owned subsidiary, in order to finance, among other things, a portion of the costs of the construction of a solar photovoltaic electric generating facility owned by the Lessee and located on the Leased Premises. The Loan is secured, in part, by the granting by Lessee of a leasehold deed of trust on its leasehold interest in the Leased Premises (the “**Security Instrument**”). The rights and interests of Lessee under the Solar Lease and Lessee’s leasehold interest in the Leased Premises and all rights and proceeds of Lessee relating thereto are referred to herein as the “**Leasehold Estate**”.

As part of Lender’s due diligence review in determining whether to advance the Loan, we ask that you confirm the following:

1. Attached hereto as Exhibit A is a true, correct and complete copy of the Solar Lease and any amendments or other modifications thereto in effect as of the date hereof. As of the date hereof, the Solar Lease constitutes the entire agreement between you and Lessee with respect to the subject matter thereof and the Solar Lease is in full force and effect.
2. All payments due under the Lease have been paid in full through the date hereof.
3. As of the date hereof: (i) neither you nor, to your knowledge, Lessee is in default under the Solar Lease; and (ii) there is no event which, solely with the giving of notice and/or the passage of time, would constitute such a default or otherwise permit the Lessor to terminate the Solar Lease prior to its expiration date.
4. As of the date hereof: (i) you have no claim, setoff or defense of any nature whatsoever against Lessee with respect to the Lessee’s rights under the Solar Lease; and (ii) there

is no event which, with the giving of notice and/or the passage of time, would constitute the basis of such a claim, setoff or defense.

5. Lessor holds fee title to the Property, and the Solar Lease is not subordinate, and has not been subordinated to any mortgage, lien or other encumbrance. Lessor has not assigned, conveyed, transferred, sold, encumbered or mortgaged its interest in the Solar Lease or its interest in the Property, and there are no mortgages, deeds of trust or other security interests or other encumbrances encumbering the Lessor's interest in the Property, except for the items listed on **Exhibit B** attached hereto.

6. No third party has any option or preferential right to purchase all or any part of the Property.

7. Lessor has not assigned, leased or otherwise conveyed any interest or option in or in respect to any oil, gas or other minerals on or under the Property.

8. As of the date hereof, there are no actions pending against you under bankruptcy or any similar laws of the United States or any state.

9. You have not received written notice of and you do not have any knowledge of any pending eminent domain proceedings or other governmental actions or any judicial actions of any kind against your interest in the Property.

10. You have not received written notice of any violation of any governmental law or regulation applicable to the Property, including, without limitation, any environmental laws and you have no reason to believe that there are grounds for any claim of any such violation.

11. Lessor agrees that it shall not assign, pledge or otherwise transfer its interests in the Solar Lease except (a) as permitted under the terms of the Solar Lease, and (b) to an assignee who assumes Lessor's obligations under this Lease Estoppel and Agreement.

12. You acknowledge and agree that Lender is a "Mortgagee" as defined in the Solar Lease, that this Lease Estoppel and Agreement constitutes the notice of such designation of the Lender, and that Lender is entitled to all rights and protections afforded to a Lender under the Solar Lease, including but not limited to the rights to receive notice of defaults and the rights to cure as provided therein. Lender's address for purpose of notices to be provided under the Solar Lease or this letter shall be the following (unless another address is provided by Lender to you in writing):

## CONSENT AND ACKNOWLEDGMENT

This Consent and Acknowledgment, dated as of \_\_\_\_\_, 2024 (this “Acknowledgment”), is made by the City of Alliance, Nebraska organized and existing under the Laws of the State of Nebraska (the “Buyer”), for the benefit of SE Municipal Solar, LLC (the “Seller”), and Solar Construction Lending, LLC, a Delaware limited liability company, (together with its successors and assigns, the “Lender”).

The Buyer and Seller have entered into the Solar Power Purchase Agreement specified on the attached Annex 1 (the “PPA”) with respect to the photovoltaic solar power system (the “System”) located at the site described in such Annex 1.

The Seller has collaterally assigned or intends to collaterally assign, and has granted or intends to grant a security interest in, the PPA to the Lender to secure the obligations of the Seller and its affiliates under the financing agreement (and related agreements and instruments) with the Lender, pursuant to which agreement (and related agreements and instruments) the Lender is providing financial accommodations to the Seller and such affiliates in connection with, inter alia, the System (the “Financing Documents”).

Capitalized terms used but not otherwise defined in this Acknowledgment have the meanings given to them in the PPA.

### 1. Acknowledgment and Consent.

a) The Buyer acknowledges and consents to the collateral assignment by the Seller to the Lender of, and grant by the Seller to the Lender of a security interest in, all of Seller’s right, title and interest in, to and under the PPA for the System as stated in the Financing Documents.

b) The Buyer acknowledges that, during the continuance of an event of default under the Financing Documents, the Lender will have the right to foreclose upon or otherwise acquire and succeed to all of the Seller’s right, title and interest in, to and under the PPA, including the right to continue to perform in place of the Seller, the right to require the Buyer to continue to perform under the PPA for the benefit of the Lender or its successors or assignees (as the new “Seller” under such PPA), to the extent those rights are contained in the Financing Documents and the right to rely upon all representations, warranties, indemnities and agreements made by the Buyer under the PPA.

c) Until further written notice from the Lender to the Buyer, the Buyer agrees to pay any and all amounts payable to the Seller under the PPA, including without limitation payments for energy purchased under the PPA, payments of any indemnities, or termination payments that may at any time become payable under or in respect of the PPA, to the Lender by remitting such payments to the account specified on the attached Schedule 1.

d) The Buyer accepts that the Lender is a “Financing Party” as defined in and for the purposes of the PPA.

2. Rights of Lender. Notwithstanding anything to the contrary in the PPA:

a) The Lender, as collateral assignee, shall be entitled to exercise, in the place and stead of the Seller, any and all rights and remedies of the Seller under the PPA in accordance with the terms thereof.

b) The Lender shall have the right, but not the obligation, to pay all sums due under the PPA and to perform any other act, duty or obligation required of the Seller thereunder or cause to be cured any default of the Seller thereunder provided the Lender does not take possession of the System. The Buyer acknowledges and agrees that the Lender has not assumed and does not have any obligation or liability under the PPA, and that the exercise by the Lender of its rights or remedies under the Financing Documents shall not constitute an assumption of Seller's obligations under the PPA, except to the extent any such obligations are expressly assumed by the Lender or its designee pursuant to an instrument in writing unless the Lender takes possession of the System.

c) If the Buyer becomes entitled to terminate the PPA due to an uncured default thereunder by the Seller, the Buyer agrees not to terminate the PPA without first giving written notice of such uncured default to the Lender and giving the Lender the same cure period afforded to the Seller under the PPA, plus an additional period of thirty (30) days, to permit the Lender to cause such default to be cured. The Buyer understands that in order to cure certain defaults by Seller under the PPA the Lender may need to have possession of the System or related assets, and accordingly the Buyer agrees that if the Lender diligently seeks such possession, whether by foreclosure proceedings or a court action (such as, for example, seeking the appointment of a receiver of the Seller's property), the Lender's additional 30-day cure period shall be extended for 30 days more to obtain such possession.

d) The Buyer agrees that it will promptly notify the Lender of any breach or default by Seller under the PPA at the notice address for the Lender listed on the attached Schedule 2 (or at such other address for notices as the Lender may specify in writing to the Buyer).

3. Confirmation. The Buyer confirms the following matters for the benefit of the Seller and the Lender with respect to the System:

a) To the Buyer's knowledge, no Event of Default by the Seller exists under the PPA, and, to the Buyer's knowledge, no breach or default by the Seller has occurred thereunder that would, with the giving of notice or lapse of time, constitute an Event of Default by the Seller.

b) No Event of Default by the Buyer exists under the PPA, and no breach or default by the Buyer has occurred thereunder that would, with the giving of notice or lapse of time, constitute an Event of Default by the Buyer.

c) The PPA is in full force and effect and has not been amended since the date of that agreement, except as specifically stated in the attached Annex 1 ; and there are no

other agreements or representations of any kind between the Buyer and Seller as to the subject matter of the PPA.

d) All conditions precedent for the required performance of its obligations under the PPA have either been met or have been waived, and that Buyer has not received any written termination notice from the Seller due to any conditions to Seller's obligations set forth in Section 3.02(b) of the PPA not having been satisfied nor waived.

e) Buyer acknowledges that the System represents an undivided portion of a larger solar photovoltaic system and that Buyer is buying the power from the System determined on a pro rata basis.

No termination, amendment, variation, waiver or other supplement of any provision of this Acknowledgement shall be effective unless in writing and signed by the Buyer, the Seller and the Lender.

The Buyer hereby represents and warrants that it has the full power, authority and legal right to execute, deliver and perform this Acknowledgment.

This Acknowledgment has been duly executed and delivered by each of the Buyer and the Seller, and constitutes its legal, valid and binding obligations, enforceable against it in accordance with its terms.

IN WITNESS WHEREOF, each of the undersigned has duly executed this Acknowledgment as of the date first above written.

## March 19, 2024

### **RESOLUTION - APPROVE REGION 23 MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN UPDATE**

Region 23 Emergency Management Agency is asking the City of Alliance to participate in a Federal Emergency Management Agency (FEMA) grant opportunity to update the Multi-Jurisdictional Hazard Mitigation Plan (HMP) for Region 23. FEMA states "A multi-jurisdictional hazard mitigation plan is a plan prepared jointly by more than one jurisdiction and may include any county, municipality, city, town, township, school district or other special district, council of governments or other regional organization, Indian tribe or Alaska Native village, or unincorporated areas. Multi-jurisdictional plans pose special considerations that single-jurisdiction plans may not need to address; but there are benefits as well, such as cost savings to prepare plans, shared staff and resources, and comprehensive approaches to mitigation hazards that cross jurisdictional boundaries."

According to FEMA hazard mitigation is the effort to reduce loss of life and property by lessening the impact of disasters. It is most effective when implemented under a comprehensive, long-term mitigation plan. State, tribal, and local governments engage in hazard mitigation planning to identify risks and vulnerabilities associated with natural disasters, and develop long-term strategies for protecting people and property from future hazard events. Mitigation plans are key to breaking the cycle of disaster damage, reconstruction, and repeated damage.

Developing hazard mitigation plans enables state, tribal, and local governments to:

- Increase education and awareness around threats, hazards, and vulnerabilities;
- Build partnerships for risk reduction involving government, organizations, businesses, and the public;
- Identify long-term, broadly-supported strategies for risk reduction;
- Align risk reduction with other state, tribal, or community objectives;
- Identify implementation approaches that focus resources on the greatest risks and vulnerabilities; and
- Communicate priorities to potential sources of funding.

The HMP grant is a 75% Federal share, 25% Local match share. The local (25%) share of the grant is \$13,750.00. Based on a per capita proration, Region 23 is asking the City of Alliance to contribute \$4,409.64 to pay for part of the local match share. If the council approves funding the HMP update the City will need to designate a representative to act on its behalf in the planning process. Chief Troy Shoemaker has served as the City's planning representative in the past.

**RECOMMENDATION: APPROVE RESOLUTION TO PROVIDE REGION 23 EMERGENCY MANAGEMENT AGENCY WITH \$4,409.64 FOR THE PURPOSE UPDATING THE REGION 23 MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN AND AUTHORIZE CHIEF TROY SHOEMAKER AS THE CITY OF ALLIANCE'S PLANNING REPRESENTATIVE FOR THIS UPDATE.**

RESOLUTION NO. 24-24

WHEREAS, The City of Alliance has previously entered into an Interlocal Agreement pursuant to the authority of the Inter-Local Cooperation Act, RRS §13-801 et seq.; and

WHEREAS, The Agreement is between the City of Alliance and Region 23 Emergency Management Agency, Box Butte County, Hemingford, Dawes County, Chadron, Crawford, Whitney, Clinton, Sheridan County, Gordon, Hay Springs, Rushville, Sioux County, and Harrison; and

WHEREAS, The purpose of the Agreement is to update the best manner to provide services in mitigating the effects of hazards to reduce or eliminate long-term risk to life and property; and

WHEREAS, A grant is being applied for to update our Multi-Jurisdictional Multi-Hazard Mitigation Plan and the City's share of the funding will be Four Thousand Four Hundred Nine Dollars and 64/100ths (\$4,409.64).
